Ain't it funny how time flies When the best was yet to come

# Let the Good Times Roll . . .

The major part of our lives is spent here at Richland Attendance Center. We spend seven hours a day for 177 days each year in school . . . that's 1,239 hours a year! By the time the seniors graduate, they will have spent at least 14,868 hours furthering their education . . . not to mention the time devoted to homework and extra curricular activities!

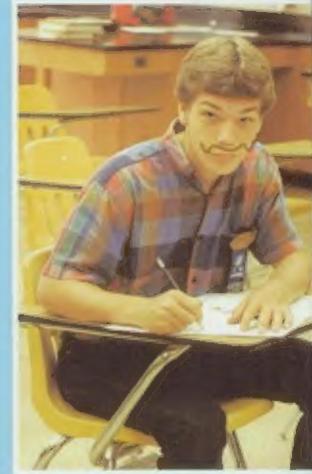

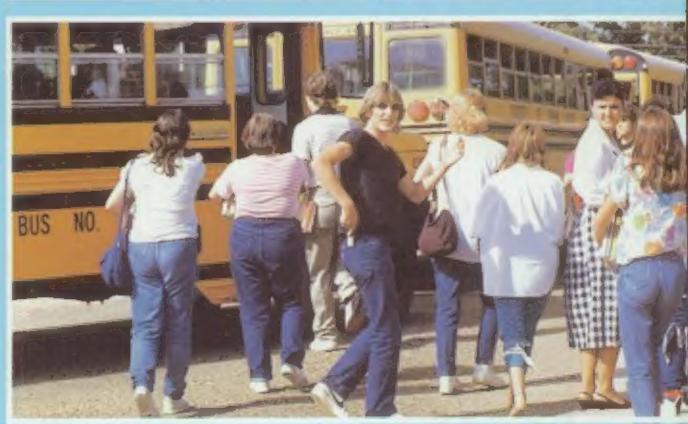

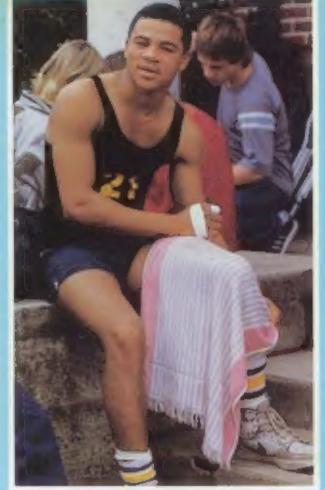

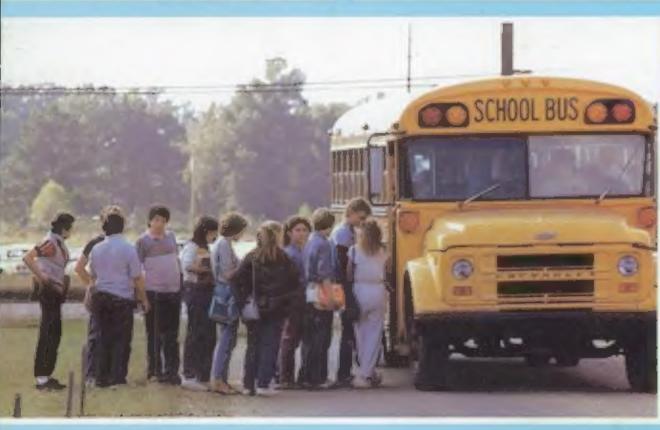

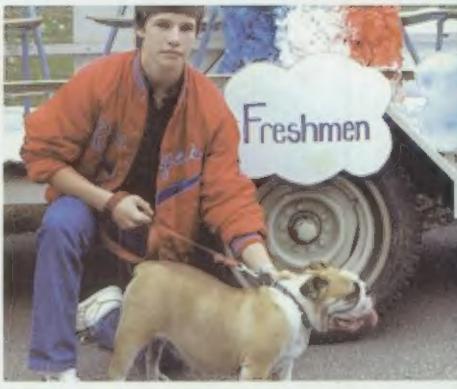

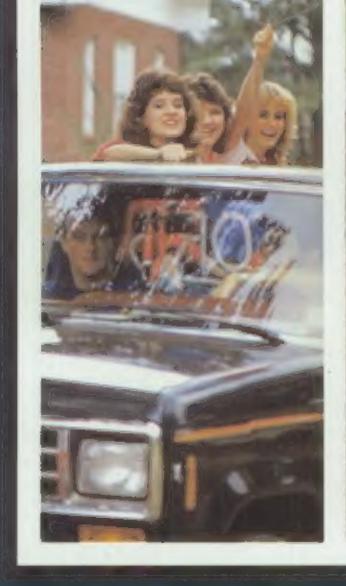

## Tomorrow, and Forever

The school day ends at 2:50, but for most of us school activity doesn't stop then. A lot of extra time is spent practicing football, playing in the band, kicking a soccer ball, cheering on our team, or simply doing homework. As the day ends, another 24 hour period is written down . . . and the thoughts of what tomorrow will hold fill the minds of everyone.

#### IN MEMORY OF DOT LEE

There is no death! Although we grieve When beautiful, familiar forms That we have learned to love are torn From our embracing arms

Although with bowed and breaking heart, With sable garb and silent tread, We bear their senseless dust to rest And say that they are "dead."

They are not dead! They have but passed Beyond the mists that blind us here Into the new and larger life Of that serener sphere

And ever near us though unseen,
The dear, immortal spirits tread
For all the boundless universe is life
There are no dead!

Yes, we all have a purpose in life
And those that fulfill their purpose
Then go to receive their crown..
Jesus just called Dot home to
Receive her crown for a job well done.

There , at , it is the wild or many . It

We had seen it fly into the unknown and return once before

Now we would watch the Challenger on its journey once more

The Challenger took our minds off all the nation's scars

A teacher was included in the trip to keep youth "reaching for the stars."

All the friends and relatives of the crew members came to watch the flight.

The day would be remembered for the rest of their lives.

The pride people felt flowed as tears of joy.

The love for our country was felt by every girl and boy.

The second of th

Then came, "Roger, go at throttle up," and the nation watched a horrid sight.

A cloud of smoke filled the air, a cloud of gloom and despair.

When the cloud lifted nothing was there

The shuttle had exploded, all the crew had died

People watching the event kept their eyes upward and cried.

Tears of you turned to sadness, despair, and disbelief

People all across the country shared the families' grief.

The cause of the accident is still uncertain, its meaning is not clear

The tragedy instilled in Americans a sense of shock, a sense of fear.

In the face of tragedy, the country's people stood as one

To mourn seven lives and the damage the accident had done

People continually prayed for the families of the deceased.

During this somber period the nation's unity increased.

The unforeseen explosion which took seven lives away

Made us remember that death can come any time, any day.

Their death showed us that the program was not without flaws

They became martyrs for a very worthy cause

This accident will not close NASA's doors.

New forms of technology will be explored

They made us stop to think; they made us take time to care,

But when we turned to thank them, they were not there

They may have been heros just for one day.

But they were heros in more than one way.

We sponsor several service programs locally. One of these is "Youth of the Month."

Youth of the Month

work, worthy achievement, honesty,
righteousness, and good citizenship are traits
which we all admire, our attention is most
which we all admire, our attention is most

The Youth of the Month program aims to

The Youth of the Month program and public rectify this contradiction by focusing public attention on industrious high school students who are to attain high levels of scholastic and athletic excellence and who demonstrate exemplary qualities of leadership and civic exemplary qualities of leadership and civic responsiveness. #### TIME GONE BY

This year, the yearbook staff held a contest to see who could sell the most ads for the yearbook. We divided up into two teams. A steak dinner was given to the winners, and as you can see at the right, our losers were given a pork & bean dinner.

A lot of hard work and time has gone into this yearbook, not to mention the fun and the many, many memories
